

NEW PROGRAM FOR GROUPS!

WHAT IN THE WORLD IS A CYCLORAMA?

GO BEHIND THE SCENES OF HISTORY WITH AN EXCLUSIVE PROGRAM ABOUT
GETTYSBURG'S MUST-SEE PHENOMENON.

EXCLUSIVELY AT THE MUSEUM AND VISITOR CENTER AT GETTYSBURG NATIONAL MILITARY PARK

The massive Cyclorama will literally surround your group with the fury of Pickett's Charge, the climactic event of the Battle of Gettysburg. But just what IS the Cyclorama? Is it a painting? Yes, a big painting. And we mean VERY big. It's the largest painting in the country. Is it an illusion? Yes. Is it a piece of history? Yes. Is it Gettysburg's must-see phenomenon. YES!

These types of experiences—popularly called “panoramas”—were popular forms of entertainment in the 19th century, the IMAX films of their time. Today, there are only a handful left in the world, and Gettysburg has the only complete experience in the United States.

And now your group has the exclusive opportunity to go where few have gone—behind the scenes for an up-close and personal look at this masterpiece. Our special “Evening with the Cyclorama” program will immerse your group in Gettysburg in a way you never thought possible.

Start your group's visit at the Museum and Visitor Center, and go behind the scenes of history.
